Experience

Northeastern University / Head Coach of League of Legends
April 2019 - Present, Boston, MA and Remote

- Elevated the performance of Northeastern's premier League of Legends team via VOD reviews, team-building exercises, and individual plans for growth.

Integrity Security Services, LLC. / Software Engineer
January 2020 - June 2020, Boston, MA and Remote

- Maintained and updated AWS-driven services.
- Spun up an instance of Jenkins on a remote server to run an automated test suite against one of our REST APIs.
- Became proficient at AWS credentials and permission levels.

ServiceNow / Localization and Web Producer Co-op
January 2018 - June 2018, Boston, MA and Remote

- Wielded AEM to great success and produced high-quality, high throughput web pages during crunch for a company conference.

Education

Northeastern University - Khoury College of Computer Sciences / Bachelor's Degree of Computer Science
September 2016 - December 2019, Boston, MA

- Invested a great deal into esports at Northeastern
- Made esports a potential career path for myself and my peers.

New Paltz High School / Advanced Regents Diploma
September 2012 - June 2016, New Paltz, NY

- Graduated seventeenth in a class of one hundred eighty three students.
- Performed as a part of the All-State Concert Band as a top 3 saxophonist in my year.
